DETAILED ACTION

Amendment

1. Receipt is acknowledged of the Amendment filed February 20, 2009.

Allowable Subject Matter

2. Claims 1-5, 7, and 9-12 are allowable over prior art.

The following is an examiner's reason for allowance: Although prior art includes teachings of bonding chip modules using adhesive as well as adhesive units, the identified prior art of record, taken alone, or in combination with any other prior art, fails to teach or fairly suggest the specific features of claims 1-5, 7, and 9-12 of the present claimed invention. Specifically prior art fails to teach the claimed method which includes bonding a chip module in a card body with an adhesive comprising at least two adhesive layers (i) and (ii), wherein the adhesive layer (1) exhibits high bonding compatibility with epoxy materials and/or polyimides and wherein the adhesive layer (ii) is based on polyurethanes and/or rubbers wherein the adhesive layer (ii) bonds the adhesive layer (i) to the card body. Prior art additionally fails to teach the adhesive unit, which is described in the claimed method. The above limitations are not disclosed in prior art and moreover, one of ordinary skill in the art would not have been motivated to come to the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
